Multi-National Task Force
Project 2.27
Shareable Operational Resources Tool (SORT)

SORT

Capability to share assets or services
in theater among allied nations

- **“Offering” Nations identify and transmit standard data of sharable assets including the UII and NSN or available resources**
- **Central site exposes sharable assets and related data**
- **“Needing” Nation requests assets by NSN or by UII based on item-specific data; purchase or borrow**
- **Email notifications**

Shareable Operational Resources Tool
